"Iberian Gravitational Waves Meeting 2011"
Universitat de les Illes Balears
02 – 04/02/2011

WIFI network guide

1. **Connect to the WiFi (or SSID) "uib" network.**
2. **Activate the dynamic IP configuration (DHCP). It's very usual to have dynamic configuration set on the wireless interfaces. Typically it won't be necessary to perform this step.**
3. **Open a web browser and try to access a website. Insert the following credentials in the web page that will appear:**

Username	Password
iberian	**waves2011**

WIFI network guide for EDUROAM users

Assistants coming from an institution that belongs to the Eduroam program can get connected to the "eduroam" wireless network. In order to get connected to this network, the credentials (username/password) served by the foreign institution must be used.

Note:

- **The connection to the "uib" and "eduroam" wireless network can be established from anywhere in the UIB campus (to know the wireless network availability a plane can be found at http://www.cti.uib.es/eduroam).**

Terms and conditions of use of the WiFi user account:

- Anyone using the account must be somehow related to **"Iberian Gravitational Waves Meeting 2011"** program.
- The organization is responsible for any action taken from this service with this user account.
- The wrong usage of the network service will cause the definitive deactivation of the account in addition to the corresponding measures on the part of the Universitat de les Illes Balears.
